## Timetable notes

- Each exam must be taken on the day and at the time shown on the timetable. The published starting time of all exams is either 9.00am or 1.30pm. Students taking more than one exam in a session should take these consecutively. A supervised break may be given between the exams taken consecutively at the discretion of the school/college.
- Schools/colleges may start an exam up to 30 minutes before the published starting time without notifying AQA.
- Schools/colleges may delay the starting time of an exam by up to 30 minutes later than the published starting time without notifying AQA.
- For information on any other timetable variations, please refer to the [JCQ Instructions for conducting examinations](#) or contact AQA Exams Office Support.
- Students must remain under supervision until 10.00am for morning exams and 2.30pm for afternoon exams. For exams of less than one hour's duration, students must remain under supervision for a period equal to the duration of the exam after the published starting time shown on the timetable.
- GCSE exams are timetabled in common inter-board agreed slots.
- Some components/units require the issue of question papers, stimulus material or other information in advance of the normal timetable period. Schools/colleges should check the specification for information on the material required by students.
- Any reading time specified for an exam is included in the time specified.
- Schools/colleges must arrange practical and oral units according to the procedures indicated. Such units are not shown on the timetable except when a unit is scheduled to be taken during the exam timetable period.
